Orphans in Manhattan When Elia Kazan, he published in 1973 With the help of a New York’s most notable hero, the book makes a detailed picture of orphan life in the 1920s and 1930s. Orphans in Manhattan is illustrated with photographs and vivid stories by ex-orphan Kazan.

Volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

The book identifies a complex reciprocal relationship between literature and dance in the modern period. Its representative dialogues between the text and form trace how modernist theo...
